

On February 17, 2009, the American Recovery and Reinvestment Act (ARRA) was passed by Congress and signed into law by President Obama. ARRA provides increased support to several existing federal programs administered by states, creates new programs such as the State Fiscal Stabilization Fund, and offers opportunities for states to apply for competitive grant programs.

The American Recovery and Reinvestment Act's significant investment in North Carolina totaled almost \$19.5 billion, including assistance for those needing help the most through increases in unemployment benefits, Medicaid payments, and food stamps. In addition to those expanded services, ARRA gives hundreds of thousands of working North Carolinians a break through tax credits like the *Making Work Pay* tax credit and the *First Time Homebuyer's* tax credit.

The Recovery Act is not like earlier attempts to revive the nation's economy. It is not only a one-time infusion of federal funds; instead it is a long-term effort to restore economic expansion in the short-term, as well as prepare the nation's economy for stable, healthy long-term growth. Under the terms of the Recovery Act, support for North Carolina's economy will include both investments made directly by the federal government and investments of federal funds that are made under the oversight of the North Carolina state government.

## American Recovery and Reinvestment Act Report, Hertford County

Hertford County received more than \$22.6 million in ARRA funding in grants, loans, and bonds. The following report outlines the various funding categories that contributed to the Hertford County total.

**Pell Grants Awards:**  
**1,327**

**Small Business Jobs:**  
**3**

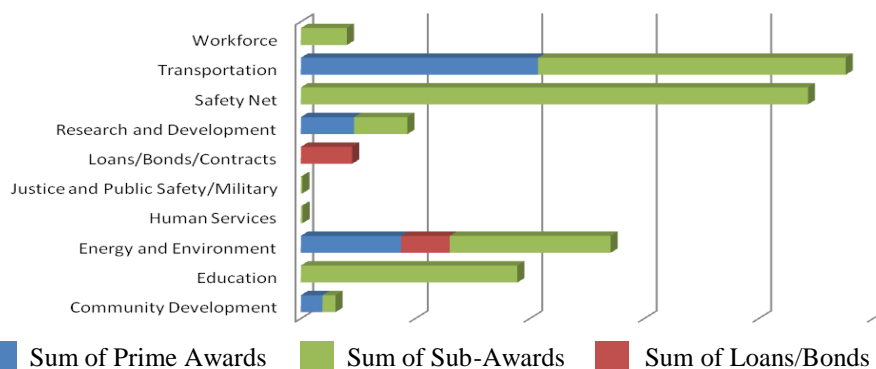

**Appliances rebated:**  
**16**

**Family homes financed:**  
**7**

### Hertford County Totals

**Hertford County,**  
pop 24,669 at a glance:

#### Recovery Act Totals:

Grants: \$20,910,328

Loans: \$1,746,294

**Total: \$22,656,622**

## Education

The Recovery Act placed a special emphasis on maintaining education funding. Governor Beverly Perdue furthered this commitment by pledging additional recovery funds from the Recovery Act to education, and leading North Carolina to additional funds by winning \$400 million in the Race to the Top program.

Most of the ARRA education funds are distributed to local schools through existing funding formulas. Special Education Funds and Title I funds go to schools based on eligible student enrollment. State Fiscal Stabilization Funds (SFSF) and the EduJobs grants were designed to hold schools harmless during the recession, and were distributed to public and charter schools. The school systems have spent the majority of the funds on staff and support. Some projects, such as Race to the Top, will be spent for purchasing products and services rather than salaries for staff.

Authorization for low/no interest bonds for school construction/renovation followed the Department of Public Instruction procedures with initial allotments to the school systems. If a school system could not utilize their allotment, it was released to other school systems that could utilize additional allotments.

**Hertford County schools** received \$6.8 million in education funding, including \$834,682 in Special Education funds, \$986,437 in Title I funds, \$2.1 million in SFSF funds, and \$594,069 in Race to the Top funding.

Pell Grants are an educational Assistance Program that provides grants to eligible students to receive post-secondary or vocational training. Because Pell Grants are not student loans, they allow students to receive financial assistance to further education and training without incurring additional debt. The American Recovery and Reinvestment Act increased the eligibility and the maximum amount of Pell Grants in 2009 and 2010 as a way to encourage educational opportunities, and to provide a way for eligible applicants to gain new job skills.

**Hertford County** institutions had 1,327 students funded by Pell Grants; these grants were worth more than \$2.3 million.

## Family Assistance

The Federal Department of Agriculture increased funding to their Single-Family home program with the ARRA. These resources assisted families in achieving the American Dream of home ownership through direct financial assistance (grants) or credit (loan guarantees). This program pumped more than \$729 million into North Carolina, providing assistance to more than 5,400 families.

**In Hertford County**, 7 families received assistance through this program totaling more than \$696,294.

The Department of Energy created the Energy Star Appliance rebate program to help stimulate the economy by incentivizing the purchase of new, more energy efficient appliances, and helping consumers by providing long-term savings from their utility bills. The State Energy Office in the North Carolina Department of Commerce managed the program insuring North Carolina residents and retailers received the maximum benefit from this opportunity. North Carolina retailers sold more than 25,500 new energy efficiency appliances through this program, and North Carolina

residents will enjoy energy savings for years to come. The program was so successful, that the State Energy Office reprogrammed additional funding to provide discounts to everyone participating in the program, bringing the total program value from \$8 up to \$10 Million.

**Hertford County** retailers sold 16 appliances through the Energy Star Appliance rebate program.

## Small Business Assistance

The ARRA provided tax breaks, increased depreciation of business assets, and incentives for hiring for small businesses through the tax law changes found in Part B of the Act. The Recovery Act also established direct aid programs through the federal Small Business Administration (SBA) and US Department of Agriculture (USDA). These programs provided grants, loans and loan guarantees to grant small businesses access to much-needed operational credit during 2009 and 2010.

**In Hertford County** 1 small business received an SBA loan guarantees worth almost \$370,000. According to the small business receiving this loan, the Recovery Act saved or created 3 jobs.

## Farm Assistance

The Supplemental Revenue Assistance Payments (SURE) Program is administered by the Farm Services Administration in the federal Department of Agriculture, which provides assistance to farmers suffering crop losses due to natural disasters. To qualify for the program a farm must have lost at least 10% of one crop during a natural disaster in a declared disaster county, or lost 50% of a crop during a disaster in a non-disaster county. North Carolina farmers received more than \$9 million in total payments under the ARRA-Funded SURE Program.

**In Hertford County**, \$42,086 was received in assistance to farmers because of crop loss to natural disasters.

## CARS Program

The Car Allowance Rebate Program (CARS), more widely known as the 'Cash-for-Clunkers' program, provided an incentive for drivers of older, energy inefficient vehicles to upgrade to new cars. This program also provided a large economic impact in North Carolina, and North Carolina dealers received more than 18,000 trade-in vehicles through this program. North Carolina Car Dealers sold more than \$400,000,000 worth of new cars (recommended MSRP) through the CARS program. North Carolina drivers will save 172,130 miles per gallon through cars purchased through this program.

**In Hertford County**, car dealers sold 29 cars worth almost \$725,000 through the ARRA CARS program.

## Justice and Public Safety Programs

ARRA increased funding to the federal Byrne Justice Assistance Grants Program (JAG). JAG funds were awarded both as a formula allocation to the State, for \$34.5 million, and grants distributed by the Governor's Crime Commission to various local governments and entities. In addition, \$21,853,798 went to 216 local governments across the state for various purposes in line with the requirements of the act. Finally, there is a federal competitive portion that was open to state or local government applicants.

**In Hertford County**, \$12,822 was received in JAG funds.

## Environment and Natural Resources Programs

ARRA funded several programs to protect the environment, or to develop natural resources more efficiently. These programs ranged from environmental clean-up, such as leaking underground storage tank abatement and Brownfields programs, to EPA clean air grants, wildfire prevention grants, and revolving funds to build, expand, or overhaul existing water and sewer programs. These programs provided nearly \$150 million across North Carolina.

**In Hertford County**, the USDA's Rural Utilities Service granted the Village of Cofield and the Tunis Sewer District \$1.7 for water and sewer improvements.

## Green Energy Programs

One of the goals of ARRA was to provide grants to help conserve energy and assist in the development of a green economy. The State Energy Office in the North Carolina Department of Commerce received large grants for energy conservation under the American Recovery and Reinvestment Act. These grants include the Energy Efficiency Conservation Block Grant (EECBG), funded at just under \$20 million, and the State Energy Plan (SEP), funded at \$70 million. The State Energy Office then used these grants to make awards to businesses, non-profits, and local governments for various purposes.

**In Hertford County**, Hertford County Schools received an EECBG grant of \$80,500 for lighting upgrades in high schools and heating and air conditioning system improvements.

## Safety Net Programs

The American Recovery and Reinvestment Act included approximately \$7.4 billion in defense-related appropriations. This includes funding for all service areas and the Army Corps of Engineers. Recovery Act funding addressed some of the unique economic pressures faced by American service members because of their voluntary commitment to serve our nation. The Recovery Act included assistance to service members, upgrades aimed to improve the quality of life for troops and their families, funded three new facilities, and two new VA hospitals in North Carolina, addressing critical needs across the state. In addition to providing much needed facility improvements, this bill also provides more funding for our energy research programs, so that Department of Defense (DOD) can continue to lead the way in the national effort to achieve greater energy independence. North Carolina had 103 military projects funded for a total of \$166 million.

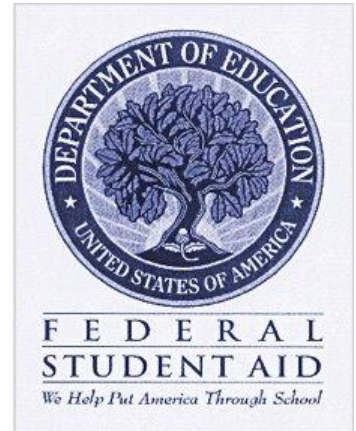

**Hertford County** residents received more than \$5.0 Million in Unemployment Insurance increases during the 2 ½ year ARRA benefits increase. County residents also received \$2.4 Million in SNAP benefit increases, and \$1.2 million in one-time payments of \$250 to social security recipients.

## Hertford County Feature Story

### Students in Hertford County Take Advantage of Recovery Opportunities

The American Recovery and Reinvestment Act provided approximately \$100 billion for education, creating a historic opportunity to save hundreds of thousands of jobs, support states and school districts, and advance reforms and improvements that will create long-lasting results for our students and our nation including early learning, K-12, and post-secondary education.

The Federal Pell Grant Program provides need-based grants to low-income undergraduate and certain post-baccalaureate students to promote access to postsecondary education. Students may use their grants at any one of approximately 5,400 participating postsecondary institutions. These institutions either credit the Federal Pell Grant funds to the student's school account, pay the student directly (usually by check) or combine these methods. Students must be paid at least once per semester (or, in the case of a training program, once per trimester or quarter). Amounts awarded from Pell Grants are dependent on the student's family contribution, the cost of attendance, the student's enrollment status (full-time or part-time), and whether the student attends for a full academic year or less.

The American Recovery and Reinvestment Act allocated \$17.1 billion into the Pell Grant Program nationwide. Not only did this meet a large unmet need for eligible students who already qualified, the ARRA increased the maximum Pell award for all eligible students \$500 per semester, from \$4,850 to \$5,350. ARRA-funded Pell Grants were awarded to students in the 2009-2010 academic year. In North Carolina, more than 221,000 students received Pell Grants funded through the Recovery Act. These students attended 136 different institutions across the state. These grants were worth more than \$339 million.

Roanoke-Chowan Community College (R-CCC) offers 20 curricular programs in which students may seek degrees, diplomas and short term skills based certificates. The college offers education and training in high demand occupations: Building Construction, Plumbing and other construction related technologies. The Continuing Education & Workforce Development Division provides basic or occupational related classes within local industries as well as developing Focused Industrial Training (FIT) opportunities.

Chowan University is a Baptist-affiliated, 4 year Christian college located in Murfreesboro, NC that offers over 70 academic programs on its 300+ acre campus. Chowan University has an enrollment of approximately 1,300 undergraduates. The school also offers a graduate program offering a Master's of Education (M.Ed.) degree with advanced teacher license.

In the 2009-2010 academic year, 637 Roanoke-Chowan Community College students received Pell Grants of more than \$1 million, and 690 Chowan University students received Pell Grants of approximately \$1.275 million. These grants provided Hertford County post-secondary students with more than \$2.3 million that helped pay for tuition, books, and other academic expenses. In total, more than 1,300 Recovery-funded students were able to further their education.

<sup>i</sup> Recipient Role are as follows: P is a prime recipient; S is a Sub-recipient; PV is a vendor to a prime recipient; SV is a vendor to a sub-recipient; L is a loan recipient.

<sup>ii</sup> Prime Amounts are unique prime awards within a county. These are entities who have received funding directly from a federal agency, and are required to report directly to [www.federalreporting.gov](http://www.federalreporting.gov)

<sup>iii</sup> Unique Sub Awards are amounts that flow into a county from a source that is NOT directly from a Federal Agency. Generally these are funds awarded to the North Carolina State Government that have been directed to a local source.

<sup>iv</sup> Additional Economic Activity are economic activity attributable to a previous funding category. They may be a sub award by a prime recipient within a county, or a contract funded by one of the previous three columns. This economic activity is not counted toward the county total.
